

REMARKS

Favorable reconsideration of this Application and the Office Action of April 7, 2005 are respectfully requested in view of the foregoing amendments and the following remarks, and also the remarks in the response filed earlier in reply to the April , 2004 Office Action.

Claims 1 to 79 are now under consideration in this application. Claims 60 to 79 have been added to this application by this response.

It is noted with appreciation that Examiner Chu has indicated Claims 1 to 11 are allowed. Newly added claims 60 to 79 have been presented to provide Applicant with specific claim coverage to an allowable embodiment of this invention, namely compositions, process and patterned substrates wherein the composition employs the novel polymer of structure (1) of allowable claims 1-11. Thus, these claims are allowable.

Claims 12, 27 and 29 have been amended, eliminating certain subject matter in view of the presentation of new claims 60-79 as separate claims. Claim 59 has been amended to insert a missing period at the end of the claim.

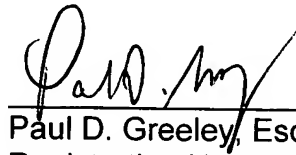

The rejection of claims 12-20,22, 23, 25, 26, 29-32, 38-40, 43, 44 and 49-51 under 35 U.S.C. 102(b) as being anticipated by US Patent No. 6,376,151 B1 to Takahashi et al. or US Patent No. 5,376,499 to Hammerschmidt et al., and the rejection of claims 12-20, 22, 23, 25, 26, 29-33, 38-40, 43, 44 and 49-51 as unpatentable under 35 U.S.C. 103(a) over

the Takahashi et al. or Hammerschmidt et al. patents in view of US Patent No. 6,071,666 to Hirano et al. are respectfully traversed for the reasons set forth in the previous Response to this April 7, 2005 Office Action, which reasons are incorporated herein by reference thereto.

It is respectfully submitted that the foregoing is a full and complete response to the Office Action and that the claims are allowable. An early indication of their allowability by issuance of a Notice of Allowance is earnestly solicited.

Respectfully submitted,

Date: June 27, 2005

Paul D. Greeley, Esq.
